avoid being smashed. We will review the serve, return of serve and how to stop getting caught in the middle of the court. Then work on how to transition to the net quickly, safely and effectively to win more points. At the end of this clinic you will each get to play with the pro and get individual feedback on your game.

(Players 3.0 and above) Looking to get to the next level? Let us show you how.

Saturday October 15th 11:00am-1:00pm Cost: \$60

2 hour clinic to help you improve your game and play on the court you want to play on. We will start off with a quick review of dinking and make sure you are dinking with a purpose. Then learn how to make your third shot drop consistent and detrimental to your opponents. We will dive deep into how to effectively transition from the back court to the front as quickly and safely as possible by looking at the serve and return of serve. Along the way we will talk about how to reset the ball in midcourt and at the net. At the end of this clinic you will each get to play with the pro and get individual feedback on your game.

Not sure what level to register for please contact Kim at [Strategicpickleball@gmail.com](mailto:Strategicpickleball@gmail.com).
